I am writing to tell you my experience with the Indiana No Call Listing. Before the No Call List was in place, I received approximately 15 unwanted calls per week from vendors that I did not want to talk to. After placing my number on the No Call list I have received only 2 unwanted phone calls in over a year. Now I can eat dinner without being interrupted, spend my time doing what I want with my family and I don't have to waste my time answering unwanted phone calls. I frequently had to just hang up on the vendors because they would not take "no" for an answer. I always felt bad about doing that so I feel much better when they just don't call me at all.

Thank you for taking the time to read my comment,
